RE: Case No. 2014-00371
Kentucky Utilities Company

The Commission acknowledges receipt on June 16, 2015 of your letter, a copy of which is attached hereto, addressed to one of our rate analysts, regarding the above referenced case and your client's objection to the amount of demand charges he pays to Kentucky Utilities Company for the seasonal operation of his farming activities. Your letter is being treated as an official protest and will be placed in the case file of this proceeding. The Commission will take your concerns into consideration in its review and decision in this matter.

Please be advised that neither the Commission's rate analysts nor any other members of the Commission's staff have the authority to change the electric rates charged to your client by Kentucky Utilities Company. Rates can be changed only by a majority vote of the three individuals who are appointed as Commissioners of the Public Service Commission. The Commissioners have the authority to change a utility's rates only upon application by that utility or upon complaint filed either by an interested person or by the Commission on its own motion.

The Attorney General has intervened in this matter. You may want to make the Attorney General aware of your concerns by contacting him through his Office of Rate Intervention, 1024 Capital Center Drive, Suite 200, Frankfort, Kentucky 40601-8204.

You may view all documents filed in this case on the Commission's website at <http://psc.ky.gov>.

**Re: David Shouse Farms
Case No. 2014-00371**

Dear Ms. Faulkner:

Please be advised that Womack Law Office, LLC, represents the interest of David Shouse, d/b/a David Shouse Farms, concerning Kentucky Utilities Case No. 2014-00371, and the circumstances under which he is currently paying an inordinate amount of fees to the KU facility, the direct and proximate result of his being charged a demand fee that is most unreasonable when compared to the seasonal nature of his business.

It is understood and appreciated the necessity for certain demand charges; however, the seasonal work, i.e., farming, and the utilities associated with farming that are operated on a very limited seasonal basis enable KU to realize a windfall situation with respect to the customer that is, as a practical legal term, unjust enrichment, concerning the electrical charges made against Mr. Shouse.

In order to substantiate or validate the need or necessity for demand charges, there must be some substantial likelihood that the demand will be exercised by the customer. In the circumstances of David Shouse Farms, that demand or the demand charges is not realistic with the nature of the business in which Shouse Farms is involved, which is seasonal. It is understood that demand charges could be based on

Page 2

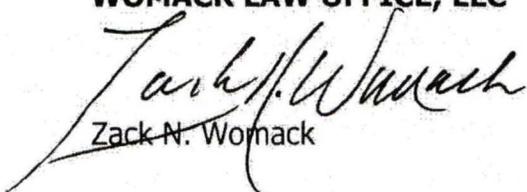

the highest level of usage during a period, but that period of usage or standard continues for other customers throughout the course of the year and does not for the Shouse Farms.

It should be noted that Shouse Farms went to great expense to have the utilities run to its particular facility and the application of the demand charge against the customer throughout the course of the entire year cannot be justified, nor would it pass, in our opinion, legal muster. KU did not pay anything in the running of the line to our client's farming operation. That undertaking was paid for by Shouse Farms. As a direct result, the demand charge would be collecting something other than any fixed charge that would exist with respect to this particular customer because Shouse Farms paid for running of the service to its property. This is tantamount to gouging.

For these reasons, we respectfully request you reconsider Mr. David Shouse's request for an adjustment; otherwise, we intend to seek legal redress.

Respectfully,

WOMACK LAW OFFICE, LLC

Zack N. Wornack
